# Request for Investment in Mentoring Programs for Children and Youth

## **Introduction**

In November 2002, Portland voters passed Measure 26-33, known as the Portland Children's Levy (PCL). PCL invested an average of \$9.5 million per year over five years in proven programs located in the City of Portland to help prepare young children for school, prevent child abuse and neglect, provide safe and constructive before- and after-school alternatives and mentoring relationships for children. In November 2008, Portland voters renewed PCL for an additional five years beginning July 1, 2009. PCL invested an average of \$11.5 million per year in proven programs in early childhood, child abuse prevention/intervention, foster care, after school and mentoring.

In May 2013, Portland voters again renewed the PCL for five additional years beginning July 1, 2014. Depending upon annual tax receipts, PCL will invest more than \$10.5 million per year in proven programs in early childhood, child abuse prevention/intervention, foster care, after school, mentoring and hunger relief.

All investment decisions are made by a five-member Allocation Committee that is composed of one City of Portland Commissioner, one Multnomah County Commissioner, one representative of the business community and two citizens with expertise in children's issues.

PCL seeks to increase the capacity for selected programs to deliver services and to implement proven programs, thereby improving outcomes for young people and for the community.

## **PCL Goals and Strategies**

After discussion and public input during the summer and early fall of 2013, the PCL Allocation Committee adopted overall goals for the Levy and goals for each of the program areas specified in the 2013 ballot measure. Concurrently, PCL conducted an extensive four month public input process to inform Levy funding priorities for the next five years. The input process included a written survey (500 respondents), meetings with key stakeholder, policy and community groups (39 groups, over 300 people), and open public meetings (100 people).

Across all sources and topics of community input<sup>1</sup>, a few key priorities rose to the top:

- Intensive, longer-duration, relationship-based services that intentionally focus on child and family goals;
- A focus on populations most at-risk for negative outcomes, especially children of color who experience significant disparities in outcomes compared to white children, and a focus on providing services in high poverty areas of the city (especially outer East and North Portland);
- Culturally responsive and culturally specific services that integrate culture in how services are designed and provided; and
- Increased professional development in all program areas.

---

<sup>1</sup> See full Community Input Report, [http://www.portlandchildrenslevy.org/sites/default/files/PCL%20Community%20Input%20Report%202013.FINAL\\_.10.28.13.pdf](http://www.portlandchildrenslevy.org/sites/default/files/PCL%20Community%20Input%20Report%202013.FINAL_.10.28.13.pdf)

Using the results of this public input process, the Allocation Committee adopted funding strategies and priorities in each program area that contribute toward achievement of PCL’s program area and overall goals. The adopted goals and strategies are outlined in the following table. The Allocation Committee also set a goal of investing at least 30% of resources allocated for each program area in culturally specific programs.

<b>PCL Adopted Goals and Strategies</b>
<b>Overall Goals of the Levy</b>
<ul style="list-style-type: none"> <li>• Prepare children for school.</li> <li>• Support children’s success inside and outside of school.</li> <li>• Reduce racial and ethnic disparities in children’s well-being and school success.</li> </ul>
<b>Early Childhood: Support children’s early development and readiness for kindergarten.</b>
Strategy 1: Intensive home visiting for children prenatal – 3 years old
Strategy 2: Preschool, Head Start, or structured preschool-like experiences for children 3 – 5 years old
Strategy 3: Early Childhood mental health consultation
<b>Child Abuse Prevention and Intervention: Prevent child abuse and neglect and support vulnerable families.</b>
Strategy 1: Strengthen parenting skills and resilience
Strategy 2: Address trauma through therapeutic intervention
<b>Foster Care: Support the well-being and development of children and youth in foster care.</b>
Strategy 1: Academic support (early childhood – college)
Strategy 2: Support for youth in the transition to adulthood (ages 14-24)
Strategy 3: Permanency for youth
<b>After-School: Provide safe and constructive after-school and summer programming that supports children’s well-being and school success.</b>
Strategy 1: Intensive academic support
Strategy 2: Enrichment programming
Strategy 3: New SUN Community Schools
<b>Mentoring: Connect children and youth with caring adult role models that support their well-being.</b>
Strategy 1: Supports for students’ academic achievement and/or post-secondary pursuits
<b>Hunger Relief: Expand access to healthy, nutritious food for hungry children.</b>
Strategy 1: Increase access/utilization of existing programs
Strategy 2: School-based food pantries
Strategy 3: Increase access to food during summer and out-of-school time
Strategy 4: Alternative approaches

**Submitting an Application**

PCL expects that most applicants will select one program area and one strategy in that program area to address in a single application. However, PCL recognizes that some programs may be eligible to receive funding in more than one program area (e.g. a child abuse prevention program that serves children aged 0-5 may qualify for early childhood and child abuse prevention funding under the RFIs for both program areas). Applicants may request that a single proposal be considered for funding in more than one program area by checking the applicable boxes on the

Application Cover Sheet (Exhibit A) and providing the information requested in Section 1.A. of the application. Proposed programs must meet the requirements specified in all of the RFIs under which funding is sought (e.g. eligible population, age range, applicable program area strategy). The application will be scored by one review committee, and if the program is funded in one category, it will be removed from consideration for funding in the second category in which it was eligible to request funding. If the application is considered, but not funded in one category, it will be considered for funding in the second category in which it was eligible to apply. See Application Process (E) for details on meetings regarding funding decisions.

Organizations may submit multiple applications in one or more program areas.

### **Adopted Strategy**

For the past two decades, a growing body of research confirms that youth, including those at-risk of negative academic outcomes and problem behaviors, can experience myriad positive developmental and academic outcomes by participating in a high quality mentoring relationship with a caring adult or adults.<sup>2</sup>

Prior to adopting the strategy, the PCL Allocation Committee reviewed a collection of local data that included academic achievement data for Multnomah County students disaggregated by race/ethnicity, school disciplinary data disaggregated by race/ethnicity, and chronic absence data.<sup>3</sup> Local data reveal significant needs for additional academic, behavior and attendance support for a significant portion of students attending school in Portland. Data also reveal a significant gap in academic achievement between white students and students of color, disciplinary actions that fall disproportionately on students of color, and chronic absence rates that are significantly higher for some students of color at some grade levels.

In addition, public input received from meetings with stakeholders, public meetings and a written survey indicated the following priorities<sup>4</sup>:

- Invest in mentoring services that intentionally focus on youth's academic achievement, including their performance in school as well as supporting them to set and pursue career and college goals.
- Support culturally specific services in which mentoring is designed to help keep youth of color in school, on track to graduate, and focused on post-secondary pursuits.
- Direct resources to support models that feature longer-term, more intensive relationships between youth and mentors.

- Aim to serve mainly youth “at-risk” of poor academic outcomes- youth in poverty, youth of color, youth in foster care, and academic priority youth.
- Make teens (middle school and high school) the priority population of children served.

The Allocation Committee has adopted the strategy listed below to fund Mentoring programs through this RFI. **Only programs that propose to employ this strategy may apply for funding under this RFI.** Mentoring services may focus on other areas of youth development, but academic success and/or post-secondary pursuits must be an intentional focus in the program.

Where priorities are specified within the strategy listed below, they indicate PCL's funding preferences, not funding requirements. Programs that do not address the listed priorities within the strategy may still apply for funding.

### 1. Supports for students’ academic achievement and/or post-secondary pursuits

**Services:** Programs that focus intentionally on youth’s academic success in school, their pursuit of college or career goals, or both. This focus could include tutoring, educational advocacy for youth, and supports for transitions between middle school and high school, or from high school to post-secondary pursuits.

**Eligible Population:** Children and youth age 5 years old – 18 years old

**Priorities:**

- Intensive services that have a duration of at least 2 years
- Youth in grades 8 – 12
- Youth of color, English Language Learners, youth in foster care or previously in foster care, and/or youth who have been designated “academic priority” by school districts
- Providing services in high poverty areas of Portland.

**Definitions:**

**Intensive:** Matches that meet at least 4 hours per month<sup>5</sup>

## **Funding Requirements**

The applicant's response to the RFI and the required attachments described below will be used to determine whether the applicant meets these funding requirements.

### ***A. Available Funding and Funding Limitations***

Approximately \$3,616,919 will be available for a 36-month period. Individual investments will be capped at \$550,000 per year, per application. All applicants must request at least \$50,000 per year. Proposed programs must directly serve children and families.

Applicants must demonstrate that PCL funding will comprise **no more than** 30% of the applicant's revenues for its last closed fiscal year. Applicants must include all funding they are requesting from PCL in all program areas in calculating this amount.

### ***B. City of Portland Residency***

All beneficiaries of PCL investments (i.e. children served) must be residents of the City of Portland.

### ***C. City of Portland Rules and Guidelines***

Funded organizations will be required to follow City of Portland EEO hiring guidelines and contracting rules<sup>6</sup>, provide proof of liability, automobile and workers compensation insurance and provide additional assurances as required by PCL staff.

### ***D. Duration of Investment***

PCL funding is available for 36 months of service provision beginning July 1, 2014 and ending June 30, 2017.

### ***E. Eligible Applicants***

Non-profit corporations (501(c)(3)), for profit entities, local education agencies, community colleges and universities are eligible to apply for PCL funding.

Partnerships or collaborations of multiple entities must designate a lead entity to apply for funding, and if funded, take responsibility for reporting and billing. The lead entity may subcontract with partners to deliver portions of the proposed program.

### ***F. Eligible Service Population***

Children age 5 years old – 18 years old.

### ***G. Minimum Duration of Services***

The duration of program offered to each child/youth served must be at least one academic year.

<sup>6</sup> PCC 3.100.005 provides in part: It is unlawful to discriminate on the basis of race, religion, color, sex, marital status, familial status, national origin, age, mental or physical disability, sexual orientation or source of income in programs, activities, services, benefits, and employment whether carried out by the City of Portland, directly or through a contractor or any other entity with whom the City of Portland arranges to carry out its programs and activities except as allowed by federal law, rules and regulations.

## **Application Components**

### **A. Application Cover Sheet**

Applicants must include a completed application coversheet using the form attached in Exhibit A.

### **B. Narrative Response and Formatting Requirements**

Applicants must respond to each of the four sections of the funding application. Each section is worth a portion of 100 total points. Applicants may be eligible to receive 6 possible bonus points as described in the application. Please be clear and specific in your responses and respond to all parts of the question. Applicants who fail to address a portion of the question will receive fewer points.

Narrative responses must be formatted as follows:

- Separate page(s) for responses to each of the four sections; label response to each section and the lettered and numbered subparts
- One-inch margins on each page
- No less than 12-point type
- Page number and program name listed at the bottom of each page
- Comply with page limits for each section; pages that exceed the limit will not be scored

### **C. Required Enclosures**

All applicants must submit the Checklist of Required Enclosures (Exhibit B) with the following documents:

- Detailed FY14/15 proposed program budgets including sources and uses for all funds using the attached budget form in Exhibit C, and total annual proposed budgets for FY15/16 and FY16/17 using the attached budget form in Exhibit D
- Table IV.B. Demographics of Organization's Clients, Staff and Board Members (Exhibit E)
- Statement of Experience (Exhibit F) for applicants that have not received PCL funding between July 1, 2010 and the publication date of this RFI
- Proof of 501(c)(3) status (where applicable)
- Annual organization-wide budgets for the current operating fiscal year, and the most recent closed fiscal year that include sources and uses of all funds. Please clearly state the starting and ending months of the organization's fiscal year
- If the applicant has revenues of at least \$1 million for the last closed fiscal year, applicant must submit its most recent audited financial statement
- If the applicant has annual revenues of less than \$1 million for the last closed fiscal year, the applicant is not required to submit an audited financial statement with the application, but will be required to obtain an audit prior to receiving any funding from PCL
- Mentee intake or enrollment form used by program
- Mentor application form used by the program

Failure to submit required enclosures may disqualify the application from consideration.

## **Application Process**

### **A. Bidders' Conference**

PCL will hold two Bidders' Conferences on Thursday, Jan. 23rd, 2014 from 1 - 2:30 p.m. at the North Portland Library, 512 N. Killingsworth St., and Thursday, Jan. 30th, 2014 from 1 - 2:30 p.m. at the Midland Library, 805 SE 122<sup>nd</sup> Ave. The Bidders' Conference is not mandatory, but it is highly recommended that all potential applicants attend. The purpose of the Bidders' Conference is to review the requirements and necessary forms for the RFI, and answer any questions from potential applicants regarding the application components and/or process. Questions and answers from the Bidders' Conference will be available at [www.portlandchildrenslevy.org](http://www.portlandchildrenslevy.org) within 2 business days of each conference.

### **B. Application Submission**

Applications are due by 5 pm on March 3, 2014. Applicants may submit the completed application electronically to Meg McElroy at the following email address: [meg.mcelroy@portlandoregon.gov](mailto:meg.mcelroy@portlandoregon.gov). All attachments to the application must also be submitted electronically.

Alternatively, applicants may submit completed applications on a flash drive by delivering the flash drive to 319 SW Washington Ave., Ste. 415, Portland, OR 97204. All attachments to the application must be included on the flash drive.

Please do **not** submit a PDF of the entire application so that staff can separate attachments as necessary. No paper applications will be accepted and all applications must be received in person or electronically by 5 p.m. March 3. Staff will acknowledge receipt of all applications via email within 2 working days of receipt.

### **C. Review and Scoring**

Each proposal will be scored by review committees composed of volunteers from the academic community, the business community, private foundation staff, government agency staff, non-profit staff and the community. These individuals will read, review, and score each proposal based on the criteria defined in the following Application Directions and Scoring Form in Exhibit H. Each section of the application is scored for a total of 100 points per application, plus 6 additional bonus points as indicated in the table below.

<b>Scored Sections of the Application</b>	<b>Point Value per Section</b>
I. Proven Program Design and Effectiveness	55 points
II. Program Budget, Budget Narrative, and Cost Effectiveness	10 points
III. Organizational Capacity	10 points
IV. Culturally Responsive Programs and Organizations	25 points
Bonus Points: Serving children/families East of 82 <sup>nd</sup> Ave.	3 points
Bonus Points: Culturally specific services	3 points

Application scores for each section are averaged among all reviewers to arrive at a score for each section, and then the averaged section scores are added to reach a total score for the application. Staff will award bonus points based on the criteria specified in the RFI. **Applicants must score at least 39 points in Section I. Proven Program Design and Effectiveness, and at least 16 points in Section IV. Culturally Responsive Programs and Organizations to be considered for funding.**

#### ***D. Staff Funding Recommendations***

After applications have been scored, staff will make funding recommendations to the Allocation Committee based on balancing the following: application scores, target allocation percentages for each strategy, percentage of funding for culturally specific programming, geographic distribution of services, priorities identified within each strategy, past performance if the program has been previously funded, financial health of the applicant organizations and other policy considerations. Staff will provide recommendations to the Allocation Committee in advance of the first funding meeting, and will make recommendations available to applicants and the public at least two business days prior to the public meeting at which the recommendations will be presented.

#### ***E. Allocation Committee Funding Decisions***

The Allocation Committee will make funding decisions for each program area in a series of weekly public meetings beginning in mid-May and ending by mid-June. By April 1, 2014, PCL staff will notify all applicants of the time, date, and place of Allocation Committee meetings in which the funding decisions affect the applicant. Meetings will be structured as follows:

- Meeting 1: Hear staff funding recommendations and rationale, and public testimony for two program areas. Time allotted for Allocation Committee to ask questions of staff and applicants.
- Meeting 2: Make funding decisions in the two program areas discussed at Meeting 1. Hear staff recommendations and rationale, and public testimony for two additional program areas. Time allotted for Allocation Committee to ask questions of staff and applicants.
- Meeting 3: Make funding decisions in the two program areas discussed at Meeting 2. Hear staff recommendations and rationale, and public testimony for remaining two program areas. Time allotted for Allocation Committee to ask questions of staff and applicants.
- Meeting 4: Make funding decisions in final two program areas.

The Allocation Committee will make funding decisions based on scores and other community conditions in order to foster a balanced and integrated citywide system of services.

#### ***F. City Council Approval***

The Allocation Committee's funding decisions will then be submitted for final approval by the Portland City Council. Final funding decisions shall be made at the sole discretion of the Portland City Council. The offering of this RFI does not constitute a commitment to fund by the City of Portland or PCL.

**G. Notification**

PCL intends to notify all applicants of the results of the selection process promptly upon the decision of the City Council. It is anticipated that notification will occur no later than June 30, 2014, with contracts to begin on July 1, 2014.

Applicants selected for funding will receive written confirmation of selection. Funds will be available for use by selected projects after grant agreements with the City of Portland have been executed.

**H. Questions or Comments**

Questions or comments about this Request for Investment may be addressed to Meg McElroy, at meg.mcelroy@portlandoregon.gov, 503.823.2942.

**I. Proven Program Design and Effectiveness (55 points)**

PCL will invest in proven programs and programs employing best practices shown to be effective in improving the lives of children and/or families. Proven and effective programs and practices have the following features:

- They have a clear focus on whom they serve and why, how the program is designed, and why the program is best suited to serve the focus population.
- They are based on best practice standards, including cultural responsiveness.
- They have processes in place to assess and monitor client participation in services and intended client outcomes and they achieve intended client outcomes.
- They use some or all of these processes and data for continuous quality improvement. They compare fidelity of implementation to best practice standards and make relevant program improvements.

**Please answer all subparts and label your responses to correspond to the appropriate subpart. All applicants must score at least 39 points in this section to be eligible to receive funding. [15 page maximum]**

**A. Program Summary and Identification of Strategy.** Provide a two-paragraph summary of the program for which you are requesting funding; include a general description of the program you intend to offer. If you are submitting this application for consideration in more than one program area, specify the applicable strategies in each program area.

**B. Population to be Served.** Please refer to the definitions in Exhibit G to complete the tables in this section.

**1. Number of Children/Youth to be Served Annually.** Complete Table I.B1, indicating the total unduplicated number of children to be served each year.

**4. Rationale for Selected Population.** What is the basis for the demographic estimates provided in Table I.B3? Why do you intend to focus on this population?

**BONUS POINTS:** Applicants who predominantly serve children residing in the eastern part of Portland (roughly east of 82<sup>nd</sup> Avenue: zip codes 97216, 97220, 97230, 97233, 97236, 97266), or offer services at a site located in this area, will receive three bonus points.

### **C. Outreach, Engagement, Enrollment/Screening , and Matching of Mentees and Mentors**

**1. Outreach & Engagement of Mentees.** What outreach methods will you use to recruit mentees for the proposed program? Why do you believe these methods will be effective with the population? What barriers to engagement do you anticipate encountering, and what will you do to address them (to the extent possible)?

**2. Enrollment of Mentees.** Describe the mentee intake and/or enrollment process, including the process for communication with parents regarding program expectations. Describe any process used to verify that children/families meet any eligibility requirements. Include the intake or enrollment form for the program as part of the Required Enclosures with this application.

**3. Outreach & Recruitment of Mentors.** What outreach methods will you use to recruit adult mentors for the proposed program? Why do you believe these methods will be effective with recruiting the number of mentors needed for the program? What barriers to engagement do you anticipate encountering, and what will you do to address them (to the extent possible)?

**4. Screening and Enrollment of Mentors.** Describe the process used to screen and enroll potential mentors including the mentor application process, the type of background checks, reference checks and other information requested and used. Include a copy of the mentor application form used to initiate enrollment and screening processes with the mentor.

**5. Matching Process.** Describe the process for matching mentees to mentors, including the information or criteria used in making the match, and the documentation kept by the program to demonstrate how the match was made. Describe the process for assessing/gauging the mentee's level of risk and how results from that assessment are used in making a match.

### **D. Program Design**

**1. Main Program Activities.** Complete Table I.D1 to show the main activities of the proposed program. Specify up to three service components most fundamental to the program. Amount of service offered refers to the total services offered by the program. Reference hours per day, days per week, weeks per year that the service will be offered, as applicable.

<b>Other Program Design Details</b>		
<b>Sites, if applicable:</b> List the name(s) and address(es) of all sites, such as schools, at which services will be offered:		
<b>Multiyear Service:</b> If the service is designed to serve the same client for multiple years, specify the range of years a client could participate:		

**2. Minimum Service Dosage and Program Participation Goals.** Complete Table I.D2 indicating the minimum amount of service per child per year you believe is necessary to achieve client outcomes (minimum dosage). Provide this information by program component or as a total amount of service regardless of component, whichever is most applicable.

What is the minimum level of service (i.e. minimum dosage) necessary for the client to achieve the intended outcome?			
Percent of total clients to be served that you project will complete minimum service dosage in Year 1.			

**3. Staffing for Proposed Program.** Complete Table I.D3 indicating the staffing for the proposed program; include direct service positions and program management positions. Direct service positions are defined as staff that works face-to-face with children/clients; program management positions are defined as staff supervising direct service positions. Do not list names of staff. Insert rows as needed.

<b>Match Support Staff to Match Ratio:</b> Indicate the match monitoring “caseload” for 1match support FTE in the proposed program.			
<b>Mentor to Mentee Ratio:</b> Indicate the Mentor to Mentee ratio in the proposed program.			

**4. Program Outcomes.** Complete Table I.D4 listing up to 4 outcomes you anticipate clients will achieve as a result of participating in the proposed program. Project the percentage of clients served that will meet each of the outcomes listed.

<b>Table I.D4. Program Outcomes</b>	
<b>Client Outcomes</b>	<b>Percent of Clients Projected to Meet Outcome (Year 1)</b>

**E. Rationale for Proposed Program, Participation Goals and Outcome Goals**

**1. Appropriate and Relevant Design.** How is this proposed program appropriate for and relevant to the population(s) you intend to serve?

**2. Relationship Between Activities and Outcomes.** How are the specified outcomes related to the program activities? How did you determine or estimate the minimum service dosage needed to achieve the outcomes?

**3. Participation Data.** If the proposed program was offered in the past, provide participation data from the previous year of program delivery. If available, provide and describe participation trend data from the past three years. How did these participation data, and any other factors, inform your projection of the portion of mentees that will receive the minimum service dosage in Table I.D2? If you are proposing a new program, what is the basis for your projection of the portion of mentees that will receive the minimum service dosage in Table I.D2?

**4. Outcome Data.** If the proposed program was offered in the past, provide outcome data from the previous year of program delivery. If available, provide and describe outcome trend data from the past three years. How did these outcome data, and any other factors, inform your projections of the portion of mentees that will achieve the outcomes in Table I.D4? If you are proposing a new program, what is the basis for your projection of the portion of mentees that will achieve the outcomes in Table I.D4?

**5. Alignment with Strategy.** How do the proposed program and selected outcomes align with the program area strategy (or strategies if applying in multiple program areas) indicated in I.A of your application?

**6. Logic Model.** If you have a logic model for program inputs, outputs, and outcomes, please include it with your response to this question. The logic model does not count toward the page length in this section.

## F. Continuous Quality Improvement

**1. Tracking Program Participation.** Describe the processes the proposed program uses or will use to track mentee/mentor participation in service activities. How does or will the program calculate participation rates of mentees/mentors in the program? Does the program disaggregate participation data by race/ethnicity, or have the capacity to do so?

**2. Outcome Measurement Methods.** What surveys, screening tools, assessment tools, interview protocols, and/or case note forms did the proposed program use to collect and report the outcome data described in I.E.4? If the proposed program is new, describe the tools that will be used to measure client outcomes. Why did the program select the specified tool(s) to assess client outcomes? How are the tools appropriate for and relevant to the focus population to be served? Describe how you used the assessment results to determine whether an individual met the outcomes described in I.E.4? If the proposed program is new, describe how you will use the assessment results to determine whether an individual meets the outcome described in Table I.D.4. Does the program disaggregate outcome data by race/ethnicity, or have the capacity to do so?

**3. Program Quality and Effectiveness.** Describe how the proposed program reviews or plans to review the quality and effectiveness of program services, including on-going monitoring of program participation and outcomes. How does the program determine, or plan to determine which elements of the program are working well and which are not? If you have offered the proposed program in the past, provide examples that demonstrate how the processes used resulted in program changes and improvements.

**4. Staff Support and Supervision.** Describe how you assure program staff and supervisors are equipped and supported to do quality work. Describe how you identify and respond to training and professional development needs for both supervisory and program staff. If the proposed program is new, describe what you plan to do. If you have offered the proposed program in the past, provide examples that demonstrate how the processes resulted in program changes and improvements.

**5. Mentor Support and Supervision.** Describe the training and orientation provided to mentors before the match begins. Describe how you identify and respond to training and on-going support needs for mentors, including how support is tailored to the risk profiles of the mentee population served. If the proposed program is new, describe what you plan to do. If you have offered the proposed program in the past, then provide data from last year that indicates the portion of mentors that completed the training provided before the match begins. Also, using data from last year, indicate the portion of mentors that attended at least one additional training event offered during the year.

## II. Program Budget, Budget Narrative and Cost Effectiveness (10 points)

This section links the funding requested with specific elements of the proposed program. The proposed budget should be an appropriate and accurate projection of the program expenses for FY 2014-2015.

### A. Budget

All applicants must submit:

1. A detailed proposed budget for FY 14/15 including sources and uses for all funds using the budget form in Exhibit C and;
2. Total annual proposed budget amounts for FY 15/16 & FY 16/17, without line items, using the budget form in Exhibit D. If the total amount requested in FY 15/16 and/or FY 16/17 differs substantially (more than 20%) from the FY 14/15 proposed budget, provide a brief explanation in the space provided on the form.

The following expenses will **not** be reimbursed by PCL:

- Out-of-town travel (unless training is required for a proposed program)
- Phone systems or other significant office equipment
- Fundraising expenses
- Fees or dues to a statewide, national or international organization (unless required for usage of a curriculum for the proposed program)
- Depreciation
- Interest
- Expenses categorized as “other” or otherwise not delineated

### B. Cost Effectiveness and Budget Justification

**Please answer all subparts and label your responses to correspond to the appropriate subpart. [4 page maximum]**

Provide a complete justification for each line item in the budget per the instructions below.

**1. Salaried and Hourly Personnel.** List the job title, staff member name, (if known), part time or full time status, and percentage of that time working on the proposed program for which PCL funding is requested. All positions (direct service and management) listed in Section I, Table I.D3 should be included in the budget. List the salary or the hourly rate of pay for each position. List the total other costs associated with each employee such as taxes and benefits.

**2. Contracted Programmatic Services.** Identify any organization that is proposed to receive funds as subcontractors under this proposal and briefly describe the services they will provide. Please break down how subcontractor funds will be spent. For any staff positions that will be funded through a sub-contract, include the position titles, percentage full-time equivalent that will be paid for with PCL funds, and the hourly pay rate for each position.

**3. Program Expenses.** All expenses listed in this budget category must directly benefit and support the operation of the proposed program and each line item must be justified. These expenses may be direct (e.g. client assistance fund, participation incentives, volunteer recognition, local travel/mileage), or indirect (e.g. rent for space in which program activities are conducted, utility expenses for program space or program staff offices, equipment leases for equipment used to create program materials, phone expenses for program staff). **Program expenses cannot include administrative expenses.**

For indirect expenses included in this budget category, explain the allocation method used to arrive at the amount budgeted for each line item. Any reasonable method is acceptable including allocation of expenses per employee, allocation using time records or time studies, or allocation using square footage. If different methods are used for different types of indirect program expenses, please specify.

Example (allocation method for indirect program expenses):

*Telephone expenses are allocated by the FTE associated with the program. The proposed program will use 2.5 FTE. The organization employs 10 FTE so we are allocating 25% of telephone costs to the proposed program. Typical annual phone costs are \$3,600 so we have budgeted \$900 for this line item.*

**4. Data Management and Evaluation Expenses.** Identify data management and/or evaluation expenses for which PCL funding is requested. Explain how expenses listed in the budget are related to the data gathering and analysis tasks you described in your response in Section I.F. If staff and or subcontractors are listed, describe their duties and explain why their time is necessary for data collection, management and/or evaluation.

**5. Administrative Expenses.** Indicate the administrative rate; the rate cannot exceed 15% of the proposed program costs. Administrative expenses are defined as those that are incurred in the general operation and management of the agency and are listed on the IRS Form 990 as "Management and General Expenses." Administrative costs can include, but are not limited to, the following: salaries and expense of the chief officer of the organization and that officer's staff; general legal services; accounting; general liability insurance; office management; auditing; bookkeeping, accounting services, payroll, prorated administrative postage, janitorial services.

**III. Organizational Capacity (10 points)**

PCL is interested in investing in organizations that have sufficient capacity to successfully implement and maintain a cost effective, proven program.

**Please answer all subparts and label your responses to correspond to the appropriate subpart. [2 page maximum]**

- A. Organization History and Structure.** Provide a brief summary of the organization’s mission, history and organizational structure. Provide an organizational chart (not included in the page count for this section), identifying where the proposed program belongs within the structure.
- B. Strategic Plans.** Describe how the proposed program fits into the organization’s short- and long-term strategic plans.
- C. Key Management Staff Turnover.** Complete Table III.C below for the key management positions referenced in Table IV.B (Exhibit E). Key management personnel are those having authority and responsibility for planning, directing and supervising the activities of the organization (e.g. executive director, chief financial officer, division directors). Add rows to the table as needed.

<b>Table III.C Staff Turnover in Key Management Positions</b>		
<b>Job Title of Key Management Position</b>	<b>How many times did position turn over between 1/1/11 and 12/31/13?</b>	<b>How many total weeks did position remain empty between 1/1/11 and 12/31/13?</b>

- D. Financial and Administrative Experience.** Describe the organization’s financial and administrative experience and capabilities. Include experience in managing and accounting for federal, state or local funding sources in accordance with Generally Accepted Accounting Principles (GAAP).
- E. Statement of Experience (if applicable).** For organizations that have not received funding from PCL within the past three years (between July 1, 2010 and the publication date of this RFI), please submit a completed Statement of Experience (Exhibit F); list the five largest contracts and limit to one page. This document will not be scored but may be considered in making funding decisions.

#### **IV. Culturally Responsive Programs and Organizations (25 points)**

PCL values equity, diversity and access to opportunity among the children served by the programs it funds. In order to support its values and assure that all programs supported through PCL are culturally responsive, PCL will fund:

- Culturally specific programs offered by culturally specific organizations;
- Culturally specific programs offered by culturally responsive mainstream organizations;
- Culturally responsive programs offered by culturally responsive mainstream organizations.

#### **Definition of Culturally Responsive Program and/or Organization:<sup>7</sup>**

An organization or program that has a defined set of values and principles, demonstrates behaviors, attitudes, policies and structures that enables it to work effectively cross-culturally, and has the capacity to:

- value diversity;
- conduct self-assessment;
- manage the dynamics of difference;
- acquire and institutionalize cultural knowledge; and
- adapt to diversity and the cultural contexts of the communities it serves.

A culturally responsive organization or program incorporates all of the elements listed above into all aspects of policy making, administration, practice, service delivery, and systematically involves consumers, key stakeholders and communities.

#### **Definition of Culturally Specific Program and/or Organization:<sup>8</sup>**

- The majority of clients served are from a particular community of color (e.g. African American, African, Asian and Pacific Islander, Native American/Alaska Native, Latino/Hispanic, Slavic).
- The staff, management and board reflect the community that is served.
- The organizational or program environment is culturally focused and identifiable by community members as such.
- The organization has a track record of successful community engagement and involvement with the community being served.
- The community being served recognizes the organization as a culturally specific organization.

<sup>7</sup>This is a definition of cultural competence taken from Cross, T., Bazron, B., Dennis, K., & Isaacs, M., (1989). *Towards A Culturally Competent System of Care Volume I.*; Washington, DC: Georgetown University, Child Development Center, CASSP Technical Assistance Center. Since the elements of the definition also apply to the elements of cultural responsiveness in the questions below, PCL has referenced it here.

<sup>8</sup> PCL has slightly adapted the definition of a culturally specific organization for clarity in this RFI. Curry-Stevens, A., Cross-Hemmer, A., & Coalition of Communities of Color (2010). *Communities of Color in Multnomah County: An Unsettling Profile*. Portland, OR: Portland State University.

**Please answer all subparts and label your responses to correspond to the appropriate subpart. All applicants must score at least 16 points in this section to be eligible to receive funding. [5 page maximum not including Table IV.B, (Exhibit E)]**

**A. Program Designation.** State whether the proposed program is a culturally specific program offered by a culturally specific organization, a culturally specific program offered by a culturally responsive mainstream organization or a culturally responsive program offered by a culturally responsive mainstream organization. Your responses to the questions below will be used to determine whether the designation is adequately supported. Applicants who successfully demonstrate that they are a culturally specific program offered by either a culturally specific organization or a culturally responsive mainstream organization will receive 3 bonus points.

**B. Demographics Characteristics of Organization's Clients, Staff and Board Members.** Complete Table IV.B, Exhibit E per the instructions below. Please refer to the definitions in Exhibit G prior to completing the table.

- **Clients served by the Organization:** enter the actual number, as of January 1, 2014, of ALL unduplicated clients (i.e. children, adults, or both) served by the organization and the corresponding demographic data.
- **Staff of Proposed Program:** enter the actual number of direct service staff and management staff of proposed program, as of January 1, 2014. If the proposed program is new, enter the estimated numbers. Enter the corresponding demographic data for the staff. (Note: Numbers of staff listed should reflect the number of staff positions listed in Table I.D3)
- **Leadership of Applicant Organization:** enter the actual number, as of January 1, 2014, of the organization's key management staff and board members and the corresponding demographic data. For a definition of "key management staff", see Section III.C.
- **Note:** You may add additional demographic variables as additional rows if you choose, but please do not add additional columns. Additional demographic variables may include any other uniquely identifiable population.

**C. Organizational Commitment to Cultural Responsiveness.** Describe the organization's commitment to cultural responsiveness. Describe how the organization builds a culture of inclusion and equity.

**D. Service User Voice and Influence.** Describe how service user input is incorporated into program planning, service delivery, evaluation, quality improvement, hiring practices and performance evaluation. Include at least two examples of how service user input resulted in changes to agency and/or programmatic policies or practices that improved cultural responsiveness.

**E. Community Engagement and Collaboration**

1. Describe how the program/organization engages and collaborates with community leaders of the population(s) it serves.

2. Describe any established collaborations or partnerships the program/organization has with community-based organizations that represent or serve the interests of the population the program/organization serves.

**F. Staff Recruitment, Retention, Promotion and Training; Board Training**

1. Describe the organization’s efforts to recruit, retain and promote staff who reflect the population served by the program/organization.
2. Describe how the organization trains staff to deliver culturally responsive services to the cultural groups it serves.
3. Describe any cultural responsiveness training the organization provides for the board of directors.

**G. Language Accessibility.** Describe the organization’s efforts to provide effective language accessibility to the populations it serves. Include policies and practices on translation of written materials, interpretation services, and staff hiring.

**H. Culturally Specific Program Applicants ONLY.** Complete Table IV.H below by referencing where evidence can be found in your response to this RFI that supports each element of the definition of a culturally specific program or organization. Reference the RFI section, question number, and any applicable subparts (e.g. I. B3, Table IV.B).

<b>Table IV.H. Evidence of Meeting Definition for Culturally Specific Program/Organization</b>	
<b>Element of Definition of Culturally Specific Program/Organization</b>	<b>Location in Application</b>
Majority of clients served are from a particular community of color.	
Staff, management and board reflect community served.	
Organization/Program environment is culturally focused and identifiable by community members as such.	
Organization has track record of successful community engagement and involvement with community being served.	
Community being served recognizes organization/program as culturally specific.

Request for Investment in Mentoring Programs; Portland Children's Levy

January 16, 2014

## **EXHIBIT G: Definitions and Additional Guidance for Completing Tables**

### **Definitions of Terms for Table I.B1.**

***Unduplicated:*** Each unique child/caregiver served regardless of the number of service components specified in the application that the child/caregiver will be offered. We anticipate that some programs intend to serve the same children from year to year. We consider those children unduplicated for the purpose of this table.

### **Definitions of Demographic Terms for Table I.B3 and Table IV.B**

***Gender:*** The options are based on the Oregon Equality Act of 2007, which defines gender identity as how a person experiences one's own gender, and includes how the person expresses one's own gender, whether or not it corresponds to the individual's sex assigned at birth.

***Race/Ethnicity:*** The list of race/ethnicity options are based on options used by a variety of public and private agencies. We recognize the options listed are significantly limited in capturing the complexity of race/ethnicity. Note: for any populations from the greater Middle East, excluding countries on the African continent, please use the "Asian" option.

***Primary Language in the Home:*** Options in this category are based on the primary language spoken in the home regardless of whether the child/caregiver is multi-lingual. Foster care programs use the primary language in the biological home.

***Geographic Area:*** Estimate using client's residence mailing address and zip code; however, school-based programs may use the address of the school if your program does not collect residence information from participants. The following link provides a complete listing of all Portland zip codes: <http://www.portlandoregon.gov/revenue/article/373203?>. The options listed in this category are defined as:

- East Portland: in zip codes 97216, 97220, 97230, 97233, 97236, 97266
- North Portland: in zip codes 97203, 97217, 97227
- Other Areas of Portland: city of Portland zip codes other than those specified East or North.
- Homeless: Based on the Federal McKinney-Vento Homeless Assistance Act: **(a)** means individuals who lack a fixed, regular, and adequate nighttime residence; and **(b)** includes- (i) children sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; living in emergency or transitional shelters; are abandoned in hospitals; (ii) children who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; (iii) children living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

For foster care programs, indicate the geographic area of the biological home, if located within the City of Portland. If the biological home is not located in the City of Portland, indicate the geographic area of the foster care home.

---

#### **EXHIBIT G: Definitions for Tables I.B1, I.B3, and IV.B**

**Age:** Estimate using likely age during Year 1 of the proposed program.

**Socioeconomic Status:** Options for this section are based on the Federal Poverty Level definitions for 2013 and corresponds to USDA Free & Reduced Meals guidelines for 2013-2014. For foster care programs, use the socioeconomic status of the biological family, if the data are available.

*Income breakdown based on the 2013 Federal Poverty Level (FPL):*

Persons in Family Unit	100 % of FPL	101% - 185% of FPL	186% - 200% of FPL	Over 200% of FPL		
1	\$11,490	\$11,491	\$21,257	\$21,258	\$22,980	\$25,279
2	15,510	\$15,512	\$28,694	\$28,695	\$31,020	\$34,124
3	19,530	\$19,532	\$36,131	\$36,132	\$39,060	\$42,968
4	23,550	\$23,552	\$43,568	\$43,570	\$47,100	\$51,812
5	27,570	\$27,573	\$51,005	\$51,007	\$55,140	\$60,657
6	31,590	\$31,593	\$58,442	\$58,445	\$63,180	\$69,501
7	35,610	\$35,614	\$65,879	\$65,882	\$71,220	\$78,346
8	39,630	\$39,634	\$73,316	\$73,319	\$79,260	\$87,190

**Person with Disability:** Based on the federal Americans with Disabilities Act definition; a person who has a physical or mental impairment that substantially limits one or more of the major life activities of such individual, has a record of impairment, and is regarded as having such an impairment.

**Additional Guidance for Table I.B3**

- Complete only those categories that seem most relevant to describe the population you intend to serve with the proposed program. For categories that are not relevant to the program, please enter “n/a” in the corresponding data field.
- For each subsection (e.g. gender, race/ethnicity), the percentages across the categories (e.g. male/female) should add to 100%. This issue does not pertain to the disability subsection.

**Additional Guidance for Table IV.B.**

- Please do not enter data in the blue shaded cells in the table IV.B. Those cells contain formulas specifically programmed for PCL data analysis purposes.
